EDUCATION

MA Fine Art

Kingston university, London, UK, 2022-2024

BA Painting (Printmaking)

Sichuan Fine Arts Institute, CHN, 2017-2021

ARTIST STATEMENT

My practice explores the relationship between the body, material and traces of presence. Working across printmaking, drawing, fibre and sculpture, I investigate how the body can be evoked through material traces rather than direct representation.

Hair and fibre are central to my practice as materials that exist between the body and the outside world. Through fragile materials, bodily traces and familiar domestic forms, my work explores absence, intimacy, memory and the tension between visibility and disappearance.

SELECTED EXHIBITIONS
